Have you ever had a job, or participated in a club or volunteer activity? Describe the responsibilities you have had.

What is your favorite film? What makes the film your favorite? (Be specific: Type of shots, the pace of the music, etc)

The Beacon Center is looking for reliable youth to contribute to our film projects. What makes you reliable? Will everyone in the group be able to count on you?

If selected, you will also be a pioneer member of a relatively new Beacon program. Have you ever been a part of a brand new project in the past? If yes, tell us about it.

In S.C.R.E.A.M., people have different roles. What part of film-making are you interested in? (Camera, Music, Editing, Acting, Writing, etc)

In order to have a strong team that can be effective and fun, we need youth who are good team players. What qualities make you a good team player?

The time commitment to participate in this project would be 5:15PM to 7:15PM on Tuesdays and 1:00PM to 4:00PM on Sundays. Can you commit to these times in the Summer and the school year?

If you could make a film about anything in the world, what would it be about? (Be creative)

What was the last comic strip or book you read? What made it interesting or not interesting?

What are our interests, talents, and character strengths(drawing, good sister, etc)?

Is there anything else you would like to tell us about yourself (special interest, qualities, talents)?
